SCHOLARSHIP
ENDOWMENTS

To Begin

**THE CAMPAIGN FOR
HARTWICK STUDENTS**

It's personal.

**A scholarship is a gift
that takes away barriers.
It sets talent in motion.
It expands over time.
Students come to us at
a pivotal point in their
lives, looking for ideas and
experiences that can help
them find their greatest
strengths. And then grow
into them.**

ITS IMPACT IS ENORMOUS AND IT GOES ON FOREVER.

A scholarship is an opportunity to transform a life. It impacts students with great potential who are confronted by an insurmountable obstacle: tuition.

The gift of a scholarship—your gift—makes this college education possible. It provides for intense, exciting, experiential learning that is pursued in the wide-open context of the liberal arts.

Further, an endowment is integral to the financial health of Hartwick College. It makes us stronger, takes pressure off the operating budget, and lets us recruit and reward the very best students.

When Hartwick attracts and retains strong young minds, these students fully develop themselves. They will care for the ill and create vaccines, write great literature and timeless music, lead organizations and communities, and more.

The world is better. Hartwick is stronger. All because your gift backed their initiative and advanced their talent. Because you gave them a chance. To begin.
